

Gap Description	ISO 27001:2022 Control	Recommended Remediation
Missing Shared Responsibility definitions	A.5.8 (Information security in project management)	Add a "Cloud Environments" section detailing the CSP Shared Responsibility Model.
No cross-border data transfer rules	A.5.1 (Policies for information security)	Require Legal/GRC sign-off for cloud regions outside the primary jurisdiction.
Lack of cloud misconfiguration risks	A.8.8 (Management of technical vulnerabilities)	Mandate automated Cloud Security Posture Management (CSPM) tools.
